YACHT APPLICATION PROFILE

Versatile culinary professional seeking a **Yacht Chef, Private Chef, or Galley Cook opportunity**. Brings approximately seven years of experience across sushi, Japanese cuisine, Italian cuisine, pastry, kitchen operations, and high-volume hospitality environments. Prepared to support crew and guest meal service through organized galley work, careful provisioning and inventory control, food-safety discipline, special-dietary preparation, clean presentation, and calm execution in fast-paced environments.

MARITIME READINESS

Maritime training

STCW / PNTC College Maritime Training Center

National Certificate I in Ship Catering

Additional strengths for yacht operations: hygiene discipline, allergy awareness, dietary requests, food-cost control, ingredient storage, stock monitoring, teamwork, and reliable service preparation.

PROFESSIONAL EXPERIENCE

Sushi Sous Chef | Dar Al Abbar Company

NOV 2024 — AUG 2026

- Developed and executed specialized sushi-bar and restaurant menus featuring sashimi, maki rolls, and traditional Japanese dishes.
- Optimized ingredient procurement and purchasing decisions, reducing food costs by **15%** while protecting ingredient quality.
- Directed daily preparation activities and enforced international food-safety and hygiene standards, achieving a **100% health-inspection pass rate** throughout the tenure.

Italian Sous Chef | United Foods Company

OCT 2022 — NOV 2024

- Managed pastry-section operations and created signature desserts and confections for daily service and large-scale events.
- Trained assistant chefs and improved production efficiency by **25%**.
- Consulted with high-profile clients on custom pastry orders and maintained a **98% customer satisfaction rating**.
- Monitored ingredient stocks, prepared gluten-free and dietary-restricted options, and reduced kitchen waste by **12%** through precise inventory control.

Cook / Chef de Partie | Business Facilities Company

SEP 2019 — SEP 2022

- Prepared traditional Japanese appetizers and soups using premium fresh ingredients.
- Introduced contemporary recipes including sushi burgers, contributing to a **10% increase in sushi-bar revenue**.
- Coordinated with service staff on complex guest requests and food allergies while maintaining safe, high-speed kitchen output during peak hours.

TOOLS, LANGUAGES & SERVICE SUPPORT

Tools: Kitchen Management Systems, Inventory Tracking Software, Microsoft Office Suite, Point of Sale (POS) Systems Integration.

Languages: English (Fluent), Tagalog (Native), Basic Japanese (Culinary Terminology).

Service support: Guest requests, allergy communication, dietary adaptation, menu consultation, event pastry orders, team coordination, and consistent presentation.
